EU Lotto Game	Underlying Lottery	Underlying Lottery Operator *	Type A Prize Category (Main Jackpot)	Type B Prize Categories (Non-Main Jackpot)	Type C Prize Categories (Non-Jackpot)	
EuroMillions (for Irish players: “Millionaire”)	Euromillions	LAE	1	2 – 3	4 – 13

MegaMillions	Mega Millions	MUSL	1	-	2 – 9	Payout of Prizes in MegaMillions and PowerBall
PowerBall	Powerball	MUSL	1	-	2 – 9	As is common with MUSL Mega Millions and Powerball, EU Lotto may also pay out the Winnings in Prize Category 1 over 30 years (the “Annuity Option”).

						<p>If EU Lotto chooses the Annuity Option, the first payment will be made as soon as possible after the draw, with the next 29 payments at one-year intervals. The level of payments is calculated such that the payments rise by the percentage set by MUSL from year to year until the full sum has been paid out. If EU Lotto chooses the option to pay out Winnings in one lump sum ("Cash Option"), the Winnings after withholdings are discounted, as it is done in MUSL Mega Millions and Powerball. The discount rate is 40%, i.e. the lump sum is 60% of the Annuity Option value. It is in EU Lotto's discretion to choose the payout plan.</p> <p>Withholdings for Prizes in MegaMillions and PowerBall:</p> <p>EU Lotto retains 38% withholdings of prizes in the highest three prize categories because it is intended to put Players in similar economic position as if they had played the underlying lottery.</p>

- a. **Winnings in a Type A Prize Category.** The Winnings payable in respect of each Bet in a Type A Prize Category (as defined in the table above), will depend on the number of the Underlying Lottery Winning Tickets in that Prize Category, the number of EU Lotto Winning Bets in that Prize Category, the payable Prize by the Underlying Lottery Operator for the Underlying Lottery Winning Tickets in that Prize Category as well as the Underlying Lottery Jackpot in that Prize Category. EU Lotto calculates the Winnings in a Type A Prize Category on the basis of the amount of aggregate stakes published by the Underlying Lottery Operator as well as the distribution to that Jackpot Prize Category or on the basis of the jackpot published on the Website of the Underlying Lottery Operator for that Prize Category of the relevant draw of the Underlying Lottery.

Only one EU Lotto Winning Bet in a Type A Prize Category

If there is only one EU Lotto Winning Bet in a Type A Prize Category, the Winnings payable in respect of this EU Lotto Winning Bet are calculated as:

*Winnings = Underlying Lottery Jackpot in that Type A Prize Category / (Underlying Lottery Jackpot Winning Tickets in that Type A Prize Category + 1)*

Example 1: There is only one EU Lotto Winning Bet in the Type A Prize Category and no Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in the Type A Prize Category in respect of an Underlying Lottery Jackpot in the Type A Prize Category of 90,000,000.00 EUR. The Winnings payable in respect of that single EU Lotto Winning Bet amount to 90,000,000.00 EUR.

Example 2: There is only one EU Lotto Winning Bet in the Type A Prize Category and two Underlying Lottery Jackpot Winning Tickets have been announced by the Underlying Lottery Operator in the Type A Prize Category in respect of an Underlying Lottery Jackpot in the Type A Prize Category of 90,000,000.00 EUR. The Winnings payable in respect of that single EU Lotto Winning Bet amount to 30,000,000.00 EUR.

More than one EU Lotto Winning Bet in the Type A Prize Category

If there is more than one EU Lotto Winning Bet in the Type A Prize Category, the Winnings payable in respect of the EU Lotto Winning Bets in the Type A Prize Category are calculated based on a “Share Model”, consisting of three steps.

Step 1 – Calculation of the number of shares:

*Number of shares = Number of Underlying Lottery Jackpot Winning Tickets in that Prize Category + Number of EU Lotto Winning Bets in that Prize Category*

Step 2 – Calculation of Size of each share:

*Size of 1 share = Underlying Lottery Jackpot in that Prize Category / Number of shares*

Step 3 – Allocation of Winnings:

*1 share per EU Lotto Winning Bet the Type A Prize Category*

Example 3: There are two EU Lotto Winning Bets in the Type A Prize Category and one Underlying Lottery Jackpot Winning Ticket has been announced by the Underlying Lottery Operator in the Type A Prize Category in respect of a Underlying Lottery Jackpot in the Type A Prize Category of 90,000,000.00 EUR. There are three payout shares, with a size of 30,000,000.00 EUR each. The Winnings payable in respect of each EU Lotto Winning Bet in the Type A Prize Category amounts to 30,000,000.00 EUR.

- b. Winnings in a Type B Prize Category.** The Winnings payable in respect of each EU Lotto Winning Bet in a Type B Prize Category (as defined in the table above, for example Prize Category 2 in EuroMillions) will depend on the number of the Underlying Lottery Winning Tickets in that Prize Category, the number of EU Lotto Winning Bets in that Prize Category, the payable Prize by the Underlying Lottery Operator for the Underlying Lottery Winning Tickets in that Prize Category as well as the Underlying Lottery Jackpot in that Prize Category. EU Lotto calculates the Winnings in a Type B Prize Category on the basis of the amount of aggregate stakes published by the Underlying Lottery Operator as well as the distribution to that Jackpot Prize Category or on the basis of the jackpot published on the Website of the Underlying Lottery Operator for that Prize Category of the relevant draw of the Underlying Lottery.

Only one EU Lotto Winning Bet in a Type B Prize Category

If there is only one EU Lotto Winning Bet in a Type B Prize Category, the Winnings payable in respect of this EU Lotto Winning Bet are calculated as:

*Winnings = Underlying Lottery Jackpot in that Type B Prize Category / (Underlying Lottery Jackpot Winning Tickets in that Type B Prize Category + 1)*

Example 1: There is only one EU Lotto Winning Bet in a Type B Prize Category and no Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in that Type B Prize Category in respect of an Underlying Lottery Jackpot in a Type B Prize Category of 9,000,000.00 EUR. The Winnings payable in respect of that single EU Lotto Winning Bet amount to 9,000,000.00 EUR.

Example 2: There is only one EU Lotto Winning Bet in a Type B Prize Category and two Underlying Lottery Jackpot Winning Tickets have been announced by the Underlying Lottery Operator in that Type B Prize Category in respect of a Underlying Lottery Jackpot in a Type B Prize Category of 9,000,000.00 EUR. The Winnings payable in respect of that single EU Lotto Winning Bet amount to 3,000,000.00 EUR.

More than one EU Lotto Winning Bet in a Type B Prize Category

If there is more than one EU Lotto Winning Bet in a Type B Prize Category, the Winnings payable in respect of these EU Lotto Winning Bets are calculated based on a Share Model, consisting of three steps:

Step 1 – Calculation of the number of shares:

*Number of shares = Number of Underlying Lottery Winning Tickets in that Prize Category + Number of EU Lotto Winning Bets in that Prize Category*

Step 2 – Calculation of Size of each share:

*Size of 1 share = Underlying Lottery Jackpot / Number of shares*

Step 3 – Allocation of Winnings:

*1 share per EU Lotto Winning Bet in that Prize Category*

Example 4: There are two EU Lotto Winning Bets in a Type B Prize Category and one Underlying Lottery Winning Ticket has been announced by the Underlying Lottery Operator in that Type B Prize Category in respect of an Underlying Lottery Jackpot in a Type B Prize Category of 3,000,000.00 EUR. There are three payout shares, with a size of 1,000,000.00 EUR each. The Winnings payable in respect of each EU Lotto Winning Bet in that Prize Category amount to 1,000,000.00 EUR.

- c. Winnings in a Type C Prize Category.** The Winnings to be paid out in respect of each EU Lotto Winning Bet in a Type C Prize Category (as defined in the table above, for example Prize Category 4 in EuroMillions) shall be the amount of the Prize announced by the Underlying Lottery Operator in respect of an Underlying Lottery Winning Ticket in the respective Prize Category. If the Underlying Lottery Operator has not announced a Prize in the respective Prize Category for the relevant draw of the Underlying Lottery, the Winnings payable in respect of each EU Lotto Winning Bet in that Prize Category will be calculated on the basis of the aggregate amounts paid in for the relevant draw of the Underlying Lottery announced by the Underlying Lottery Operator and its allocation to the winning Prize Categories.
- d. Payout of Prizes from Prize Categories to other Prize Categories.** The above regulations apply assuming that there was no payout of Prizes from Prize Categories to other Prize Categories, due to no Underlying Lottery Winning Tickets in a Prize Category for one draw, due to no Underlying Lottery Winning Tickets in a Prize Category for a number of subsequent draws or due to a jackpot cap.

- e. **SpecialJackpots.** For all games, the Operator has the possibility to announce a SpecialJackpot under its sole discretion. In this case, the SpecialJackpot sum announced replaces any *Underlying Lottery Jackpot in that Type A Prize Category*.
- f. **One Prize Category.** Only one Prize Category can be won per Bet, which will be the highest of the available Prize Categories achieved by, and relevant to, that Bet. A Combo Bet can win in more than one Prize Category, based on the separate Bets it is made of.
- g. **Currencies.** Winnings are calculated and credited in EUR. The exchange rate used is the spot rate of exchange (the closing midpoint) for that currency into EUR on the respective draw date as published on oanda.com or (if oanda.com is not available) the European Central Bank euro foreign exchange reference rate (ECB rate) for the respective draw date. This also applies for annuity payments.
- h. **Displayed Information.** EU Lotto will use reasonable endeavours to ensure that all displayed information and results on the Website are correct. EU Lotto will not be liable for any mistakes in respect to the information displayed.
- i. **Rights of EU Lotto.** A Player is not entitled to claim any Winnings or receive a payout from EU Lotto and/or EU Lotto may at its discretion decide about the validity of a Bet or a Player's entitlement to Winnings or void a Bet if:

- k. EU Lotto may claim back Winnings from Players, that have been paid out already to Players, where any of the circumstances referred to above arise.

- I. If any Bet is voided as above, the Operator may in its sole discretion offer Players the option of placing any such Bet on the next relevant draw or crediting Player's Player Account with the relevant sum. If any Bet is otherwise voided by EU Lotto in accordance with this clause, the relevant sum associated with that Bet may be forfeited or in the case where the Bet was placed by a Player who was subsequently determined to be under the age of 18 at the time of placing the Bet the relevant sum will be returned.
